About the Course

Environmental, Social, and Governance (ESG) principles are no longer optional - they are essential for future-ready leadership. As the world moves towards more responsible and sustainable business practices, the ability to align profits with purpose is becoming a defining skill for modern leaders.

To help you navigate this evolving landscape, Digital Regenesys presents the ESG Leadership Programme - an 8-week online course designed to equip professionals with the knowledge, tools, and frameworks to embed ESG into core business strategies.

With expert-led sessions, practical case studies, and real-world tools such as ESG analytics and AI-based mapping, this course offers a unique blend of global insights and African perspectives.

Join a global learning community and gain the confidence to drive sustainable growth, enhance stakeholder trust, and create a lasting impact in the purpose-driven economy.
